Hi there! I am Bevin Holmberg, and I live in Falmouth. I VERY strongly support the interim use of the Berlin Subdivision corridor as a bike and pedestrian trail, as recommended by the Rail Use Advisory Council.

This is such a wonderful opportunity for Maine to encourage healthy and safe habits. I have lived in other states where trails are plentiful, and it improves traffic, the environment, and the happiness of many a bicyclist/pedestrian. It also has the potential to strengthen the value of homes and businesses nearby. I would be way more likely to want a house near a bike trail vs. a busy road. I ride my bike as often as possible. I prefer it to my car, even in the winter. But sometimes, I don't feel safe riding on the road with distracted drivers or littered shoulders.

Thank you so much for your consideration!
