As a former resident of Maine for over two decades, like millions, I have a deep and personal connection for the great state of Maine. Now as a PFA, I still love to visit with my family and explore the trails and back roads of Maine. The chance to ride the Casco Bay Trail right from the start is a dream you can help make a reality! I strongly encourage the interim use of the Berlin Subdivision corridor as a bike and pedestrian trail as recommended by the Rail Use Advisory Council. Thank You!
