

Marna Miller
Falmouth
LD 1750

Hello, my name is Marna Miller. I have lived in Falmouth for 23 years. During that time I have observed car traffic increase significantly all over the greater Portland area and on rural roads beyond. I have also observed a significant increase in pedestrian and bicycle traffic, especially over the past five years. I strongly support use of the Berlin Subdivision corridor as a bike/ped trail. Bicyclists and pedestrians need and deserve safe, off-road paths.
