I live in North Yarmouth. I strongly support the interim use of the Berlin Subdivision corridor as a bike and pedestrian trail, as recommended by the Rail Use Advisory Council. I am not confident riding my bike on the roads in my area since the traffic moves very fast, there are blind hills and bends and there is only a very narrow shoulder. I do love to ride but don't always want to be riding on gravel or grass trails and so I would be a frequent user of this trail. Thank you!
