

Jeremy Shute

LD 1750

As a resident of the Town of Yarmouth, I encourage the committee to understand the scope of work for the rail trail. The West Side Trail, here in Yarmouth, is a treasured part of the community for cyclists and a reason to live in the town. Having lived next to Davis Square in Cambridge, MA I have also witnessed this "done right," allowing recreational cyclists and commuters alike to choose exercise over emissions-generating traffic. Please support the due diligence necessary to understand this option for our citizens.
