

Sue Wright  
Brunswick  
LD 1750

I live in Brunswick and I ride bike for transportation and enjoyment. While Maine has many short bike trails there are few routes that are suitable for longer rides on trails that are not rutted from ATVs or full of rocks and roots for more technical mountain biking. We need more safe places to ride and travel from town to town. For this reason I support the Berlin Subdivision of the Casco Bay Trail Corridor and the enactment of LD 1750.
