Hi,

I'm a resident of North Yarmouth at 136 Hallowell Rd, in close proximity of the rail line under consideration for the trail. I, my wife and our two teenage daughters support the proposal.

We are out walking regularly and would greatly appreciate a way to traverse the towns, as a fun activity. Connecting neighbors and neighborhoods in a rural community can be tough and we would consider this a way to safely move about and exercise without fast moving traffic concerns.

Thanks for your consideration.

Best,
Evan
