Portland
LD 511

I live in Portland, and I urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. For cycling to be really and truly safe, cyclists need to have space separate from cars! Please vote "ought to pass."

Thank you.
