

Katherine Bischof  
Gardiner  
LD 29

My name is Katherine Bischof and I live in Gardiner, Maine. I support the Merrymeeting trail as I would frequently use the trail to travel between Gardiner and Richmond as there are many historical sites and would be a great extension of the current Rail Trail. As a history teacher, there is so much history along the Kennebec River in this stretch that could be used as an accessible field trip to students. Thank you for your time.
