Cumberland
LD 511

I am a resident of Cumberland, and an avid cyclist. I urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. A protected trail would be vital for safety for cyclists and pedestrians, encourage business development along the corridor, and will enable surrounding communities to access the outdoors. Please vote "ought to pass."
