

Nancy Grant  
Portland  
LD 511

The Casco Bay Trail will be transformational for the Portland to Lewiston Auburn to Brunswick region of the state and should be supported through voting "out to pass" on LD 511.

Let's use this state owned resource for Mainers and our visitors now and not waste it in the hopes that passenger or freight train will return any time soon.

The trail will provide huge economic, public health and environmental benefits for our state.

Please vote in support of LD 511.
