

Ben Grenier
Lewiston
LD 511

I live in Lewiston and my family owns and operates Rainbow Bicycle, also in Lewiston. I urge the Transportation Committee to vote in support of LD 511. Our customers are always looking for local trails to safely ride their bikes, whether for leisure, exercise, or for transportation while avoiding high traffic roads. This is not only good for public health and transportation, but would also benefit our local business. Please vote "ought to pass."
