LD 511

"I live in Portland, and I urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. Please vote "ought to pass."

Some of the best moments of my life have been riding a bike in the woods around the Northeast of the US. It is good for our mental and physical health, good for the Maine economy as it is a huge benefit of living/visiting the state, and it's the way life should be :)
