

Susan Hayhurst  
Falmouth  
LD 511

I live in Falmouth, and I urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. Please vote "ought to pass."

So many communities have embraced multi-use trails, which are good for property values, and good for the health of the community. My husband commutes to work, and I worry about him with the traffic, and I know many bike riders and walkers who are worried about doing these activities on roads with so many distracted drivers. I think this would be a great step for the community.

Best, Susan H
