Pedestrian Safety and Accessibility collaborative, Newcastle, ME  
LD 29

Greetings, good Legislators of the Transportation Committee - As a cyclist and Community Health RN from Newcastle, I urge the Transportation Committee to vote in support of LD 29. An active transportation trail from Brunswick to Gardiner would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. Please vote "ought to pass."
