

Carissa Jefferson
Bowdoinham
LD 29

Hello, my name is Carissa Jefferson, I live in Bowdoinham, and I am writing in
against LD29

I own property along the proposed trail, and I have concerns that the committee has
refused to address. How will the proposed trail effect properties that it will divide?
What will be done to protect property owners from increased trespassing, litter, and
loose dogs?

I have contacted the committee behind this bill with my concerns and they have been
dismissive and unwilling to answer.

I am uncomfortable having a public trail cut through my property without having
resources available to protect me as property owner.

Please do not pass LD29 without additional research and consideration for the tax
paying property owners.
