LD 511

Hello, and thanks for the opportunity to submit testimony on LD 511. I am a resident of Portland and I love the idea of the interim trail from Portland to Auburn. I'm 73, and love being outside biking or hiking as a way to stay fit. I believe this project would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. I urge the Transportation Committee to vote in support of LD 511. Please vote "ought to pass."
Thank you!
