

Marna Miller
Falmouth
LD 30

Dear Transportation Committee,

As a Falmouth resident who enjoys biking, walking, and nordic skiing, I would benefit immensely from the proposed interim rail trail running from Portland to Yarmouth. Roads in this area are getting busier and busier. Off-road options for bicycling and other non-motorized activities are desperately needed.

I have also submitted testimony in support of LD511, and I hope the committee will amend LD30 to authorize the trail all the way to Auburn.

Thank you!
