Yarmouth
LD 511

I live in Yarmouth and am walker and cyclist. Today I strongly urge the Transportation Committee to vote in support of LD 511 . This interim trail from Portland to Auburn would be amazing for so many reasons! Transportation in Maine is challenging and this interim trail would not only provide options for people who don't drive, or for alternative transportation commuters, but it would improve public health by providing increased access to the outdoors, and protect the environment, and connect to public transit. So please, please vote "ought to pass"!
