LD 30

I live in Yarmouth, and I urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less.

Personally, the trail will allow me to get to Main St in Yarmouth safely. I currently walk on a town road where drivers do not obey the speed limit. There are many students in my neighborhood that bike to school and this trail would allow for part of the journey to be safer.

Please vote "ought to pass."
