Greene
LD 511

To the members of the Transportation Committee:

I live in Greene, and I urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less

Providing opportunities for bicyclists and pedestrians to ride and walk in a safe off road environment is great public policy. Active transportation is good for the health of the people of our community and for our environment.

Please vote "ought to pass" on this bill.
