

Alicia Romac
Bath
LD 29

I am Alicia Romac, from Bath in Sagadahoc County, and I support LD 29. Our family enjoys bicycling for exercise and exposure to nature. We travel with our bicycles on vacation or rent bicycles. We are also Warm Showers hosts, providing support for long distance bicyclist from around the US and internationally. Many bicyclists comment on the East Coast Greenway and how they wish more of that trail was "off-road". The newly created Eastern Divide Trail through western Maine will offer expanded trail riding in Maine, but it is not enough. The Merrymeeting Trail will be used by residents and travelers, it will offer users a safe place to recreate year-round (cycling, cross-country skiing, walking, and snow shoeing). The Merrymeeting Trail will appeal to bike packers and long-distance cyclists too. I fully support this tremendous opportunity to expand recreational opportunities in Maine.
