Portland, ME
LD 511

Rail Trail projects like this between Portland and Auburn offer a safer, more convenient, and more equitable mode of travel for cyclists and motorists alike. Moreover, the proposed trail infrastructure would allow (to a greater degree than vehicular travel) for citizens and strangers alike to encounter one another and their natural surrounding.

As an avid runner and cyclist, as well as a designer working in landscape architecture and planning, I write in support of LD 511.

Please vote "ought to pass."
