LD 511

I live in Portland with family in Auburn, and I urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. Allowing people safe off-road options to drive less and walk, run, bike, wheel more on a space otherwise unused makes good sense for all. Please vote "ought to pass."
