LD 511

I live in North Yarmouth and I urge the Transportation Committee to vote in support of LD 511. An interim trail from Portland to Auburn would improve public health, protect the environment, connect to public transit, and provide options for people who don't drive, or simply want to drive less. I am a 70 year old biker and feel less and less safe biking on auto roads. I am using off-road and rail trails as much as possible and would like to see this trail from Portland to Auburn completed for all the people who are using such trails for all the reasons stated above. Please vote "ought to pass."
