Richmond
LD 29

We are not in favor of this passing. Our land has the railroad tracks on it and we hunt on our land. We do not want anyone walking, riding or any other activity across our property. As a Maine tax payer, we do not need another item that will increase our taxes. Also the cost of maintenance will add to our property taxes. Who will maintain this trail? Who is responsible for damage to our property? During hunting season people are required to wear orange will everyone be wearing orange? There is a lot of hunting ground between Bowdoinham, Richmond and Gardiner, this would disturb wildlife.
