

David Wall  
Richmond  
LD 29

My name is David Wall and I am writing in support of LD 29. I have been a resident of Richmond since 2003. My wife and son and I are all avid bicyclists, hikers, runners, and general outdoors enthusiasts. We wholeheartedly support the creation of the Merrymeeting Trail along the existing Lower Road corridor to allow a way for residents and visitors of our area to further enjoy the beautiful natural world along this side of Merrymeeting Bay and the Kennebec River. I urge you, the members of the Transportation Committee, to vote "Ought to Pass" on LD 29. Thank you very much for your consideration of this bill.

Sincerely,  
David P. Wall
