

Tracey Falla
Windham
LD 1020

Senator Nangle, Representative Crafts, and Honorable Members of the Joint Standing Committee on Transportation, My name is Tracey Falla and I live in Windham.

I support LD 1020 for many reasons but one is that the MTA has been misleading the public - hiding rising costs, falling traffic numbers, making up a traffic study in 2023, his the poll that most people opposed this project and kept information from smiling hill farm owners. They've lost all credibility with the public.

Thank you,
