

Frank Arrison
Hiram
LD 676

April 1, 2025

Representative Crafts, Senator Nangle and Honorable Members of the Joint
Committee on Transportation,

My name is Frank Arrison. My wife and I are homeowners and part-time residents in
Hiram, Maine. We support LD 676.

My wife and I have driven to the existing Fryeburg and Windham sections of the rail
trail in order to take walks, so we are familiar with and enjoy the benefits of this
recreational trail. I am also an avid bicycle rider. The road on which we live crosses
the old rail line between Windham and Brownfield, in the section that has been
approved for trail-until-rail conversion. I would welcome and appreciate the building
of the trail from Standish to Fryeburg so that we, and our neighbors, could have more
direct access to the trail.

I encourage you to support LD 676 and urge you to vote "Ought to Pass".

Thank you for your consideration.

Frank Arrison
