

Tammy Bevins  
Yarmouth  
LD 956

Hello! My name is Tammy Kenney Bevins and I live in Yarmouth, Maine. I am writing in support of LD 956. I love to ride my bikes! Yes, bikes! I have 3 for different kinds of cycling conditions. I have used all 3 of them on various parts of the East Coast Greenway in Southern Maine with my family and friends over the years. What a great asset that has been for us to exercise safely, have picnics, watch birds and generally enjoy the fresh air and sunshine! To have the opportunity to enjoy more of our beautiful state safely on our bikes, walking, cross-country skiing, etc would be wonderful! I know that the towns and businesses along the way would benefit from the trail users as I know how we have patronized the businesses along the East Coast Greenway before, after and during our trips. Thank you for considering all the positives an extended multi-use trail would provide for the local people as well as tourists. I encourage you to vote "ought to pass."
