

Debra Coyman
Falmouth
LD 956

I am Debra Coyman, Falmouth resident, writing in support of LD 956. I am a cyclist for recreation and transportation, and I particularly enjoy bike touring. As part of the East Coast Greenway Week-A- Year tour from 2011 - 2019, I have ridden the entire trail (as it was in those years), including the Down East Sunrise trail as it existed in 2011. Connecting Calais to the Sunrise trail would permit riders to enjoy an off-road experience with greater safety for exercise, recreation and transport, as well as bring tourist dollars to the region and the state and support local businesses. Thank you and I hope you will vote "Ought to Pass" on LD956.
