

Nancy Grant
PORTLAND
LD 956

My name is Nancy Grant. I'm writing from Portland and I am writing in support of LD 956.

It is time to finally extend the Down East Sunrise Trail to Calais! I have ridden the part of the trail from Ellsworth to Ayers Junction and have seen first hand that the trail provides a valuable transportation and recreation resource to locals and visitors. I also know that these kinds of trails stimulate small local businesses that support the trail users and develop the local economy.

A focused and informed group of stakeholders went through the RUAC process and a majority voted to authorize the 12 mile stretch to interim trail.

Let's move this opportunity ahead by voting in support of LD 956!

Thanks.
