

Jo Harmon
Brownfield
LD 676

My name is Jo Harmon. My family owns property (50 years) directly alongside the Mountain Division Trail in Brownfield, on Pequawket Pond. This is a beautifully scenic and historical stretch of the old RR tracks. Residents, summer people walk this stretch every day, all day. We definitely support LD676 and support extending the trail from Fryeburg to Standish. There are markets and other economic opportunities here which would benefit from this development in the rural area. Our family recalls the trains coming through within feet of our cabin, and have enjoyed the change to allow trail walkers ever since, sharing the waterfront beauty. Please know, we heartily support the passage of LD676 through Federal Grant monies.
