

Joseph Berkman
Endicott

I know I am an out of state patient but the maine medical marijuana program has changed my life it has provided me with access to medicine that I can afford and a wealth of knowledge on medicine that could help me so I am very much in favor of LD 241I think it would be great for the program again you guys should know that these caregivers and others are helping change people's lives they should be applauded and commended so again thank you for everything you do and I truly look foward to my next visit to your great state
