

Robert Wilkinson
Bridgton, Maine

No, don't amend the constitution. We should be voting in person on voting day ONLY. We don't need to make or change the laws, we need to abide by the laws that we have now. We also are asking for an audit of the past election, Nov. 3, 2020, both Federal and State. There was a \$75,000. donation by Mark Zuckerberg to purchase voting machines in Maine. This is extremely troubling and needs to be investigated. How many of our elections can we trust?
We are being silenced and censored every time we ask for answers.
