Members of the committee, please accept my written testimony regarding the bill before you today. There is always money and influence in how decisions are made but we can eliminate foreign influence and have the opportunity to do so in this bill when it comes to conserving to a greater degree the whole idea of referendums. It is the chance for the people of Maine to speak up, and sometimes to say...Hey, you are off course up there in Augusta. That is a healthy thing. But this tool can be destroyed and or diminished by foreign interests pushing their agenda. Vote to exclude foreign money in Maine referendums.
Thank You.
