

Elizabeth Huntley  
Portland

I support LD 194 to prohibit contributions, expenditures, and participation by Foreign-owned entities to influence referenda in Maine. In my opinion, only the people of Maine and our elected officials should have this responsibility and privilege. We should not have to compete with outside influences, propaganda, lobbying, and high-powered attorney's. Please support LD 194 to support the right of Mainers to make decisions that affect our state. Thank you.
