March 15, 2021

Dear Maine Senators and Representatives:

The Maine Green Independent Party is in support of LD194, LD479, and LD641.

We look forward to being able to take back Maine for Mainers without the influence of foreign entities.

Thank you for putting forth these bills that are especially timely given the foreign influences over our water and electricity and the distribution thereof.

Sincerely,
Lyn Maravell
Co-chair MGIP
