The Maine department of fish and wildlife will issue a hunting and fishing license free of charge to disabled veterans with a disability rating of 50% or greater. They also have a policy to issue these complementary licenses to out of state disabled veterans with the same ratings IF the state in which they reside reciprocates the same courtesy to Maine Veterans. For this same reason, I think that no foreign country or entity should be allowed to advertise or influence in any way Maine residents unless they allow Mainers to influence their lawmakers and referendums.
