LD 939- An Act To Support Maine's Medical Marijuana Program and Ensure patient Access

Dear Members of the Veterans and Legal Affairs Committee,

My name is Samantha Brown from South Berwick, I support this bill.

I testify as a parent of a child patient with a pharmaceutical resistant catastrophic seizure condition. I support patient access to their caregivers and I support small business. And this bill does just that.

I want to highlight the section that will allow for unlimited transfer from caregivers to another. There is no justification of the current limit. Its arbitrary, and should be repealed to allow the potential for caregivers to succeed.

That concludes my testimony, thank you for your time

Samantha Brown
