Senator Luchini, Representative Caiazzo & Joint Standing Committee  
on Veterans and Legal Affairs,

I am against this bill.

Online voting is a small step behind online registration. This opens the possibility of fraud. With a Secretary of State, the rules could be changed at any moment prior to an election. The possibility of irregularities expands exponentially.

There is nothing wrong with current voting process. Some bills in this legislature and unnecessary. LD 1126 is one of these bills

If this committee wanted to improve the voting process, voter IDs should be required.

The Secretary of State's written testimony list other places that require IDs to process transactions.

This bill should receive an 'ought not to pass' recommendation.

Sincerely,

Representative Joseph F. Underwood  
District 147
