

David Allenson
Umbrella Factory Supermarket & U.F.O Discount Beverage Store

I own the Umbrella Factory Supermarket & U.F.O Discount Beverage Store located in Naples, Maine. I am against the proposed legislation! I feel that if this does pass it will hurt my business. I am in a tourist area and depend on my summer business to carry me through the slow winter months. Having my stores located around the Sebago lakes region the Naples population triples during those summer months! My wine, beer and spirits business is a big piece of my business and if this passes I feel my business will definitely hurt and I'll have to let employees go. These are some of the reasons I'm against this proposed legislation!
Thank you for your time.
