

Wayne Gray
Orrington

My name is Wayne Gray, from Orrington. If , by passing LD1496, we can achieve the formation of an incorruptible and effective board of canvassers, I am for it. Our individual votes must be considered and treated as sacred. The pressure to corrupt this system must be guarded against, with every possible resource, to the point that it becomes impossible. Otherwise, trust is broken , and voting chaos will ensue. Which is what the progressive/ communist element obviously want. This ought to pass. Thank you.
