I understand you are overloaded so I would like to keep this short and simple., It is obvious that OMP is attempting to destroy the medical program. A friend of mine is applying for a rec permit and was on the phone with OMP and OMP was more than happy to discuss with him that they can't wait to be rid of the medical program. If OMP does not want to run the med program, I think it should be handed back to DHS. Furthermore I think it is extremely important to put a moratorium on these proposed rules that they are trying to pass.
