

Crystal Martell  
Sanford  
SP0705

Hello, My name is Crystal Martell and I live in Sanford, Maine. I want to let you know that I support in favor of passing SP0705. The state of Maine legislatures has term limits of serving so many years to give others a chance to serve too and if they want to return they can serve again later. If this works for Maine it should work for Washington D.C. too. In 2016, 902 people from Sanford signed a petition for term limits on Congress. Year 2022/2023, according to the Sanford area director about 1500 people from Sanford signed wanting term limits/restraints on the federal government.

Please listen to us, your citizens of this state.  
Thank you
