I support LD 175 “RESOLUTION, Proposing an Amendment to the Constitution of Maine to Ensure That Only Citizens of the United States May Participate in Elections”, and it “ought to pass.”

As I understand it, this resolution proposes to amend the Constitution of Maine to specify that only citizens of the United States who are 18 years of age or older and who are residents of this State are eligible to vote for Governor, Senators and Representatives and in any election in the city, town or plantation where those citizens reside, except for persons under guardianship for reasons of mental illness.
