LD 175

To Members of the Veterans and Legal Affairs Committee;
Please Vote "Ought To Pass" on LD 175. Why ?because I strongly believe we should strengthen Maine Elections by amending our constitution, to ensure ONLY US Citizens can vote in all our elections. Those being Federal,State or even our local ones in our towns and cities.

I also want to know that there will be clear transparency in our elections going into the future. However based on data received from Maine CVR (Central Voter Registration) & Mainecare it is possible that as many as 40 percent of the non citizens present in Maine ,including those who entered the U.S. illegally and those with alien status may have voted in the 2024 elections or had votes cast in their names. From Maine Wire in 2024

And did you know that "Maine has the worst voter rolls in the country" a quote from Dr. Douglas G. Frank a well known election expert . Not a good look for us at all. Again I urge you to Vote Ought to pass LD 175
