

Cory Reynolds
Dexter
LD 234

Good morning Senator Hickman, Representative Supica, and distinguished members of the Veterans and Legal Affairs Committee,

I am Cory Reynolds, a resident of Dexter, and I am writing to express my support for LD-234, "An Act to Eliminate Ranked Choice Voting". I firmly believe that our voting system should be straightforward and easy to understand, allowing us to hold our politicians accountable by voting for one person to represent us.

In my opinion, ranked-choice voting undermines the integrity of our elections and can lead to confusion among voters. I urge you to consider the potential benefits of eliminating ranked-choice voting and moving towards a more transparent and accountable system.

Sincerely,
Cory Reynolds
