LD 266

I urge you to vote OUGHT TO PASS on LD 266, An Act to require the updating of voter registration signatures. This would seem to be obvious to me. We need to be sure that the people who are voting are who they say they are and that no one takes that away from them. It is the right of every citizen of the age of voting and beyond to vote and it MUST BE taken seriously. It is a right of each and every CITIZEN of the United States to vote for their leadership or public servant or how their money is being spent. To make sure that the person voting is who is the one who deserves that right and should be the one voting is paramount. A signature is one of our few singular traits that identifies who we are. This should be a simple way to make sure we continue to have our right to vote stay with us and not be stolen away. Thank you for voting OUGHT TO PASS on LD 266.
