LD 911

I urge you to vote OUGHT NOT TO PASS on LD 911, AN Acct to modify Ranked-choice voting with regard to candidates who withdraw from an election. This is a frivolous bill as the votes cast for a person who has pulled out of the race are already not counting. What it does is open a chance for possible manipulation by people doing the counting. We certainly don't want that happening. I am unclear as to why this legislator found this a necessary addition to an already too complex process that RCV has become. It leaves a lot of room for things to be manipulated. And, when all is said and done, it is a very poor voting system if you are trying for accuracy and fairness. Why mess with a system that is already a mess! Better to do away with RCV all together. ONE VOTE PER VOTER! It's the law! Follow the law! Thank you!
